## PRODUCT DESCRIPTION

### D8B Metallic touch switch

-  Material: Metal aluminum plate
-  Switch category: Metal backlit touch sensor switch (with buzzer)
-  Product Size: 86x86mm
-  Input voltage: 220VAC/DC12V
-  Protocol: Low current 485, high current 485, 220V strong current, strong current interconnection and mutual control, weak current dry node, KNX bus, rf433
-  Installation Standard : international standard

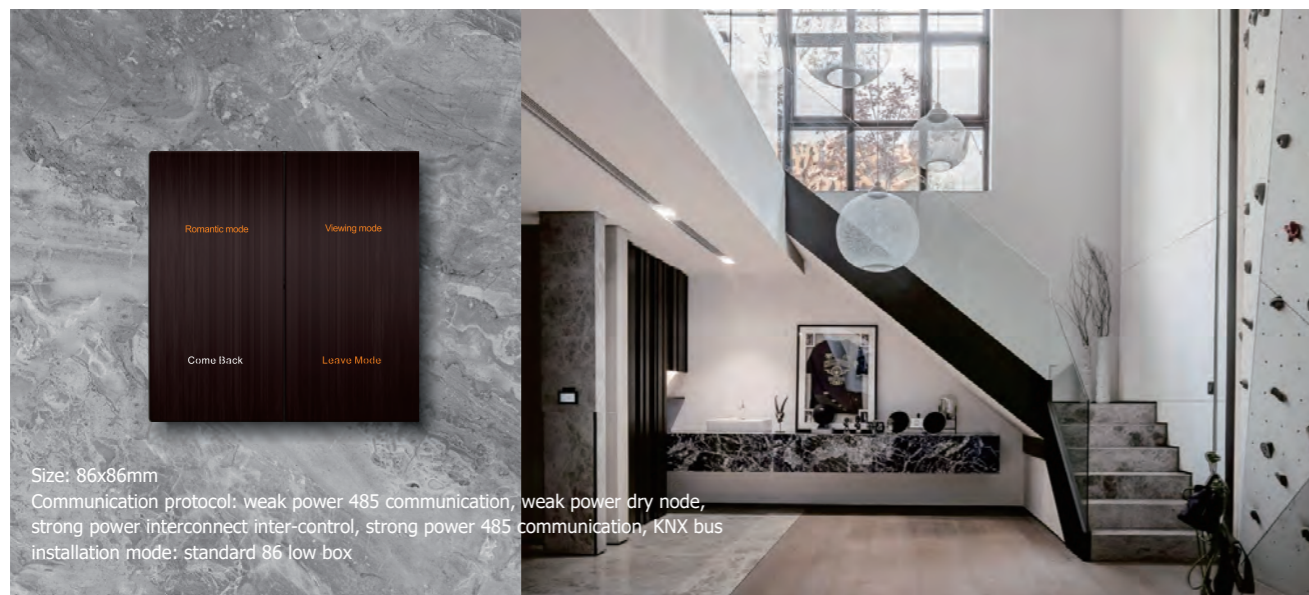

# D PLATFORM SWITCH CONTROL SOLUTION

Light control switch

Situational mode switch

According to the need to set their own home, away from home, guests, parties and other scenarios, one-click more convenient, to provide personalized home experience

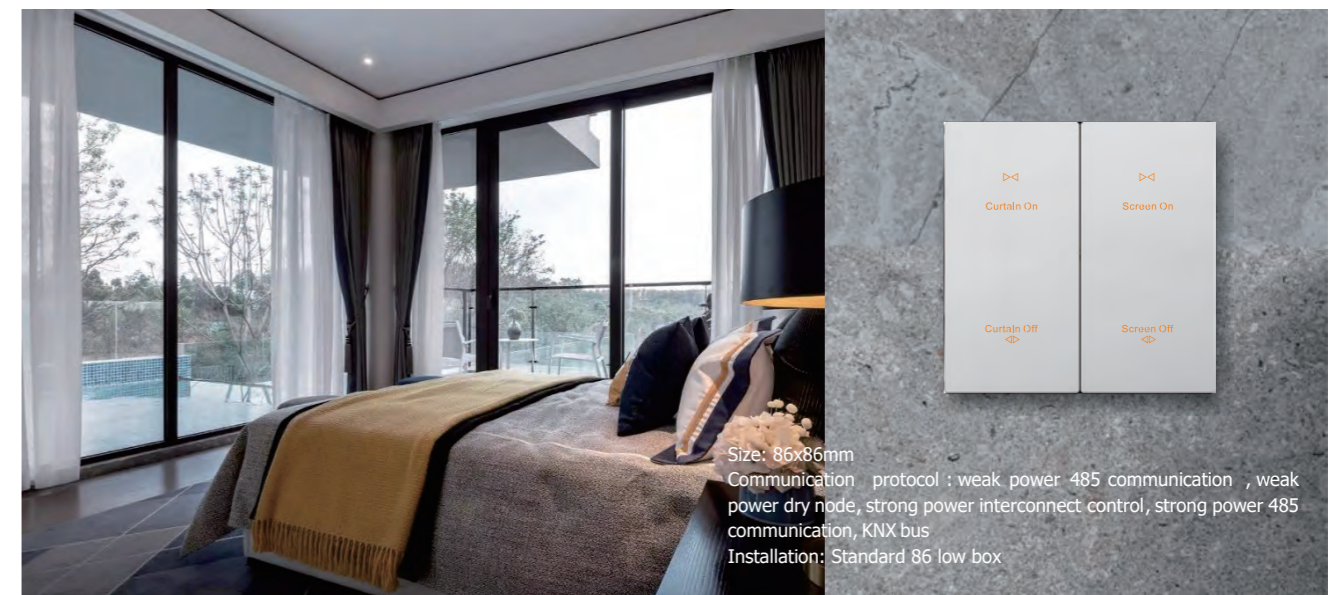

# D PLATFORM SWITCH CONTROL SOLUTION

Dimmer switch

With the use of the host, suitable for a variety of dimmable lamps, the construction of different atmospheres, gradually dark light switching, to the eyes and lamps more

Curtain switch

# D PLATFORM HVAC CONTROL SOLUTION

Full screen air conditioner thermostat

Full screen floor heating controller

Full screen temperature control three in one

GT Knob thermostat

Full knob thermostat

Full screen new risk control system

G1 thermostat

# D PLATFORM SWITCH CONTROL SOLUTION

Free stickers Radio remote control switch

Dry battery (no. 5) Wireless remote control switch (built-in)

# PRODUCT DESCRIPTION

## D9 Metal backlit touch sensor switch

- Material: Metal aluminum plate
- Switch category: Metal backlit touch sensor switch (with buzzer)
- Product Size: 86x86mm
- Input voltage: 220VAC/DC12V
- Protocol: Low current 485, high current 485, 220V strong current, strong current interconnection and mutual control, weak current dry node, KNX bus, rf433
- Installation Standard: International standard

## CROSS DIVIDING LINE METAL TACT SWITCH

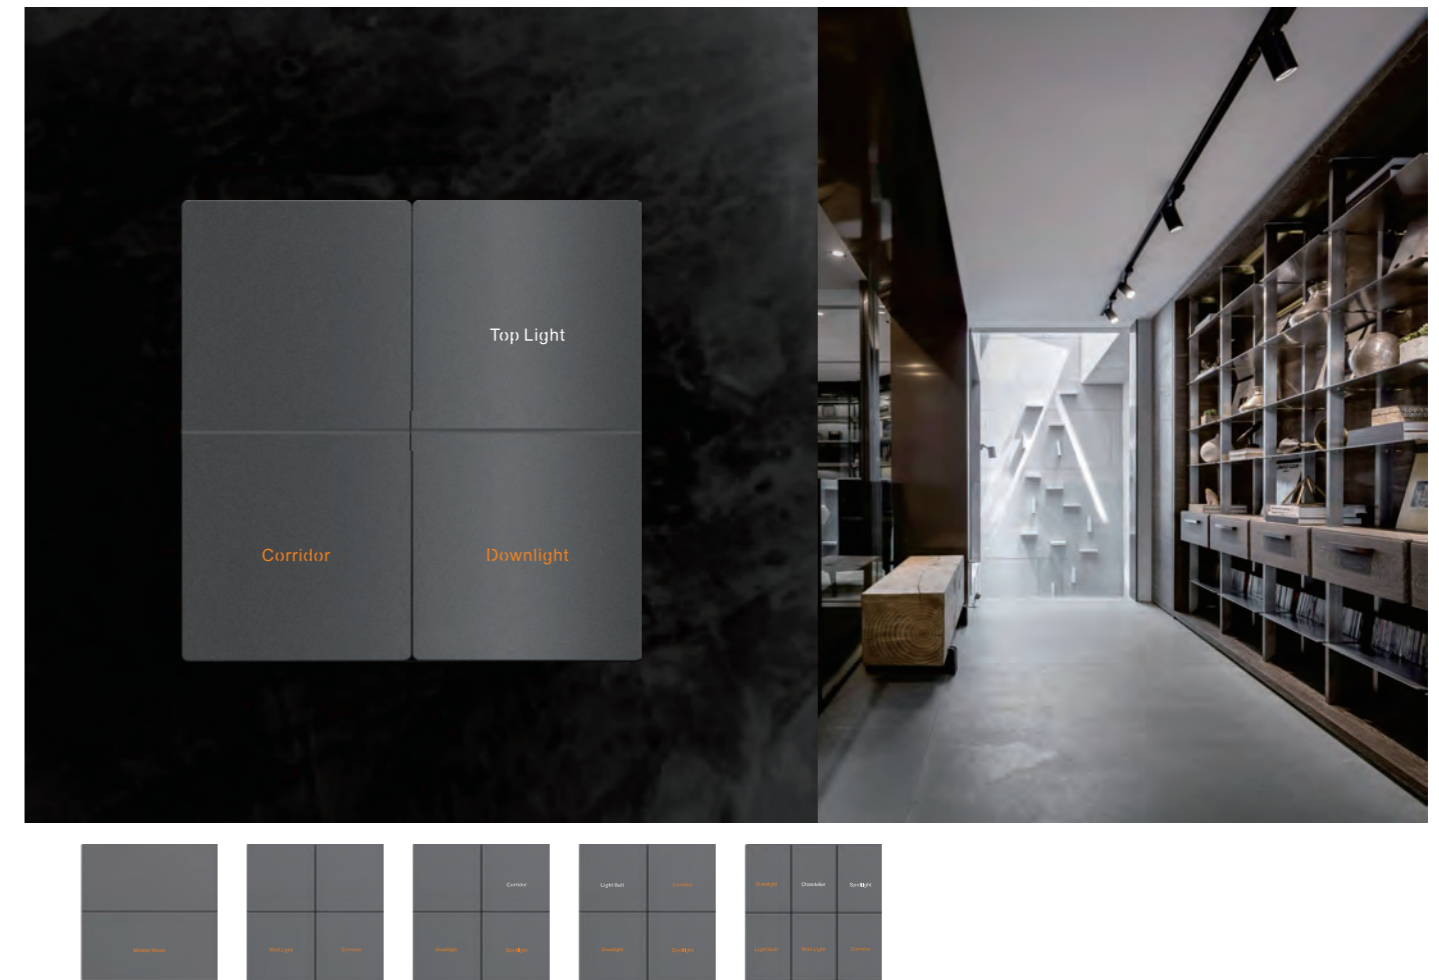

### D9S metal cross tact switch

- Material: Metal aluminum plate
- Switch category: Metal backlit touch sensor switch (with buzzer)
- Product Size: 86x86mm
- Input voltage: 220VAC/DC12V
- Protocol: Low current 485, high current 485, 220V strong current, strong current interconnection and mutual control, weak current dry node, KNX bus, rf433
- Installation Standard: International standard

## CROSS DIVIDING LINE PLASTIC TACT SWITCH

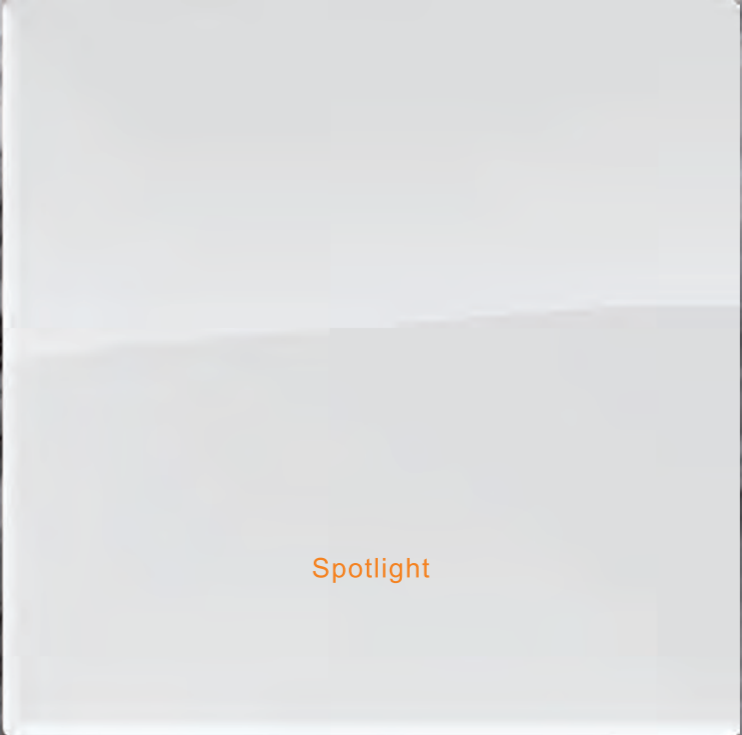

### D8S plastic cross tact switch

- Material: Plastic
- Switch category: Plastic switch (with buzzer)
- Product Size: 86x86mm
- Input voltage: 220VAC/DC12V
- Protocol: Low current 485, high current 485, 220V strong current, strong current interconnection and mutual control, weak current dry node, KNX bus, rf433
- Installation Standard: International standard

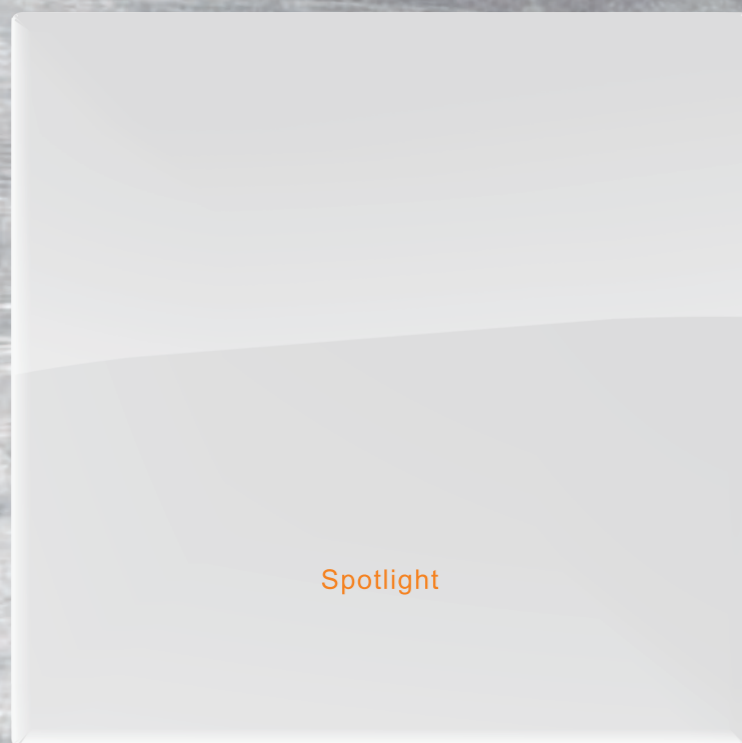

D5 CRYSTAL SWITCH (PLASTIC)

# D5 CRYSTAL SWITCH (PLASTIC)

# PRODUCT DESCRIPTION

## D5 glass switch

- Material: plexiglass
- Switch category: glass switch
- Product Size: 86x86mm
- Input voltage: 220VAC/DC12V
- Protocol: Low current 485, high current 485, 220V strong current, strong current interconnection and mutual control, weak current dry node, KNX bus, rf433
- Installation Standard: International standard
